

FA-806A

car Air Purifiers

Features

- Third generation negative ion patented technology , purification actively and do not need consumable
- Remover PM2.5, second-hand smoke, formaldehyde、TVOC and germ
- Overcome carsickness negatively, and reduce driving fatigue
- Large air flow centrifugal fan,clean the car inside air every 7 minute
- Three level wind speed,no wind resistance duct design, max noise 45db
- PC materia of car delicated, resistance temperature highest 125 degree

Spec

- Color : white
- Voltage Rating : DC 12V
- MAX Power : 6W
- Anion CONSISTENCE : 3.6 million pcs/cm³
- PM2.5 removal rate : 97.88%
- noise : <45dBA
- Product Size : 200*160*50mm
- Package size : 300*208*84mm
- Product weight : 390g
- Package weight : 825g
